WILL SHE BE MARRIED OFF AT 15, 14, 13, 12...?

Every year, more than 15 million girls end up in early marriage, some as young as age 12. In fact, in the developing world, one in seven girls is married before her 15th birthday. For these girls, it's an end to their education and their childhood. ■ But ChildFund International educates communities about the damage caused by child marriage and even steps in to prevent or undo such marriages. So all girls have the chance to fulfill their potential. ■ In 25 countries, ChildFund is improving the lives of more than 17.6 million children and family members.

**RICHLAND
CREEK
RESERVOIR**

Water for Today and Tomorrow

Take the First Step to a Heart-Healthy Life.

Start! Walking. Start! Something.

Heart disease is the number one killer of men and women in America. But did you know that just 30 minutes a day of physical activity can improve your health and decrease your risk of heart disease?

An easy way to work physical activity into your regular routine is to start walking. For every single hour of regular, vigorous exercise, you can add two hours to your life expectancy.

It's easy to Start! whether you're by yourself or with friends, family and co-workers. You'll all feel a difference and live longer, heart-healthier lives.

Join the movement.

MAKE BREAKFAST HAPPEN SO KIDS CAN BE HUNGRY FOR MORE

I was one of our nation's hungry kids growing up. Today, 1 in 5 children in America struggle with hunger. But when they get breakfast, their days are bigger and brighter. Learning, attention, memory and mood improve. Together, we have the power to get breakfast to kids in your neighborhood — let's make it happen. Go to hungeris.org and lend your time or your voice.

Viola Viola Davis, Hunger Is Ambassador

HUNGER IS®

— Foundation —

Hunger Is® is a joint initiative of the Albertsons Companies Foundation and the Entertainment Industry Foundation, which are 501(c)(3) charitable organizations.

TEAM JDRF TO CURE DIABETES

Please join me in my goal to raise funds for the millions of people living with, and affected by, type 1 diabetes (T1D), like my wife, Sharri. The money we raise will help JDRF fund critical research to progressively remove the impact of T1D from people's lives until no one has to fear developing this disease.

Type 1 diabetes is a life-threatening autoimmune disease in which a person's pancreas stops producing insulin—a hormone essential to the ability to get energy from food. It strikes children and adults suddenly, and changes life as they know it forever. It cannot be prevented, and there is no cure.

JDRF is the leading global organization funding type 1 diabetes (T1D) research. JDRF's goal is to progressively remove the impact of T1D from people's lives until we achieve a world without T1D. JDRF collaborates with a wide spectrum of partners and is the only organization with the scientific resources, regulatory influence, and a working plan to better treat, prevent, and eventually cure T1D. To learn more about JDRF go to www.jdrf.org.

Your gift will make a difference for millions of people affected by this devastating, life-threatening disease. Please consider donating to JDRF for Sharri and millions of others.

-Thank you for any support!
Adam Scheffer, ESPN

Help support JDRF and their mission of finding a cure for type 1 diabetes (T1D) and its complication through the support of research. JDRF funds life-changing T1D research – research that is leading to better treatments, prevention, and one day, a world without T1D.

To help find a cure for Sharri and the millions of people with T1D go to www.jdrf.org/defeatingdiabetes.
